Education:

University of South Carolina; Columbia, SC
Bachelor of Computer Engineering, December 2028
Overall GPA: 3.692

Relevant Experience:

Precision Walls Inc. | Construction lull driver | North Charleston, SC   *2023-2025*

- **Attention to Detail & Specifications**: Completed intricate installation and assembly tasks by closely following technical specifications and detailed blueprints, reducing material waste, and guaranteeing adherence to quality standards.
- **Project Execution**: Worked effectively with teammates in hectic construction settings to fulfill demanding daily project goals and deadlines.
- **System Maintenance**: To guarantee operational readiness and reduce downtime, proactive system management is accomplished by maintaining and calibrating tools and equipment.

Buffalo Wild Wings | Cashier | Columbia, SC   *2023-Present*

- **Process Efficiency**: Maintained accuracy and efficiency in a high-pressure, data-heavy environment by overseeing the input and processing of large volumes of customer orders under stringent time constraints.
- **Problem-Solving & Communication**: customer satisfaction and streamlined operations by using quick, critical thinking and clear communication to resolve urgent customer and system-related issues.
- **Data Integrity & Trust**: In charge of secure transaction management, inventory reconciliation, and accurate cash handling; developing data integrity and trustworthiness skills is essential for delicate technical positions.
